## IMPORTANT INFORMATION REGARDING LOW SPEED VEHICLES

Tenn. Code Ann. § 55-8-191 allows low speed vehicles to be operated at a speed not exceeding twenty-five miles per hour (25 mph) only on streets where the posted speed limit is thirty-five miles per hour (35 mph) or less. A low speed vehicle is permitted to cross streets that exceed this thirty-five mile per hour limit.

In the interest of safety, counties in Tennessee or the Tennessee Department of Transportation may prohibit the operation of low speed vehicles on any road in its jurisdiction.

Operators of low speed vehicles must have a Class D driver license in their possession when operating these vehicles on Tennessee's roads.
